What is Marginalization?
2 Discrimination

- Discrimination is treating different categories of people of a society or group in different manner

- 

  injustice and prejudice - by denying them privileges that are offered to the other categories because of some hidden causes
3 Social Exclusion

- **Out of the social order**

  Social Exclusion is making a person or a particular group of a particular society out of the social order. Even they are citizens of society. They are totally neglected without any fixed reason.

- **Corner of the society**

  It is a severe than marginalization that in marginalization, such groups enjoy the basic rights. But in social exclusion they feel completely aloof, zero participation in social activity.
In Inclusive education setting

- Lack of trained teachers--------
- large class size-----
- , lack of child centered and relevant curriculum,--------
- limited appropriate teaching learning materials, ---------
- teachers lack competence and will to modify methodology as per the need -------,
- lack of proper infrastructure,--------
- lack of access to main stream ------
- lack of participatory activities-------
